

11th International Lasallian University Leadership Program concludes in Rome

The 11th International Lasallian University Leadership Program took place from June 4-17 at Casa Generalizia in Rome. Once more, the program brought together more than 50 participants representing 10 countries and more than 15 of our institutions.

IALU's Mission Committee's representatives were in Rome for the first week of the program to partake in some of its activities as well as to take the opportunity to discuss different projects.

This is the first year in which the program has moved from LACU's supervision to IALU's and the International Association of La Salle Universities particularly thanks those involved with the planning and execution of the program's activities.
